

UNFPA/WHO Prequalification Scheme for Male Latex Condom

Prequalification Status Notification

Copenhagen, October 24th 2016

Dear Ms Teo Ai Siang

RE: Nulatex Sdn. Bhd.

Following the UNFPA prequalification inspection of Nulatex Sdn Bhd. on November 23-26, 2015 the corrective actions observed and listed in the inspection report have been reviewed by technical experts. The corrective actions have been found to be acceptable and will be verified during the next inspection.

This letter¹, therefore, serves as a confirmation that the Nulatex Sdn Bhd. factory located at Lot 1870, 4th Mile, Jalan Mengkibol, 86000, Kluang Malaysia has been granted approval for WHO/UNFPA Prequalified status as of October 24th 2016. This factory and the prequalified products will be listed on the UNFPA and WHO websites. The website lists always reflect the most recent prequalification information, while this letter only serves as notification of prequalification on October 24th 2016. As described in the guidelines for the WHO/UNFPA prequalification scheme, factories will be re-inspected every third year (i.e. the next inspection will be in 2018). During this period, the factory is obligated to notify UNFPA of any major changes in, but not limited to, production premises; production and testing equipment; senior management; certifications or licenses; product recalls; reports of adverse events; product design; specification of raw materials; packaging and new information on shelf life. For further and complete information please go to www.unfpa.org/procurement.

Please do not hesitate to contact the Prequalification Team at procurement@unfpa.org should you require further information regarding prequalification.

Yours sincerely

¹ This letter is only confirming the current pre-qualification status of the factory at the time of issue. It shall not be seen as a certificate, diploma or legal document. The letter shall not be used for advertisement purposes. Those seeking to verify the factory's current prequalification status should refer to UNFPA's website (unfpa.org/public/home/procurement).
